Nutritional Benefits

- A general purpose diet which most species will thrive on
- High nutrient food providing a balanced ration and supplementation with all the necessary Vitamins and Minerals

Feeding Instructions

- Vitality Alpha Diet should be introduced to an animal gradually to avoid digestive upsets
- Food consumption will vary depending upon the species being fed, as a general guide amounts equal in weight to: 2% of body weight for animals up to 100kg, 1.5% of body weight for animals between 100 and 500kg, 1% of body weight for animals above 500kg
- Fresh drinking water should be provided at all times.
- Store in cool, dry conditions away from direct sunlight.

Product Description

Pack size - 15kg clear plastic bag

Form - Extruded 12mm

Best Before - 24 Months from date of manufacture

Barcode - 5010026520340
